AGRONOMY

28 January 2025

Dr. MARISEL A. LEORNA

Director

National Coconut Research Center-Visayas
VSU, Baybay City, Leyte

Dear Dr. Leorna,

The second semester of the AY 2024-2025 has just started, and one of the laboratory exercises in Agronomy 141 (Cropping System) subject is to conduct a survey of the different cropping systems in selected research centers and department units of Visayas State University.

In relation to this, we would like to request the staff-in charge of the Coconut-Based Farming System Demo Farm to facilitate our major students during the activity on **January 30-31, 2025** and answer few questions related to the technology showcased.

Thank you so much for your usual support in our academic undertakings.

Very truly yours,

ED ALLAN L. ALCOBER
Laboratory Instructor
