Vice President for Academic Affairs and
Chairman, Academic Personnel Board

Dear Sir:

With the mandatory retirement from active government services of Dr Candelario L. Calibo last February, 2021 and Dr. Alice M. Acabal on November 8, 2021, the regular teaching force of DoPAC has significantly reduced. Furthermore, two of the junior faculty will also be pursuing graduate studies starting the 1st semester AY 2022-2023 to fast track our Faculty Development Plan. In this connection, the DoPAC Personnel Committee (DPC) is requesting for the opening of two substitute/regular faculty positions in lieu of Dr Calibo and Dr Acabal, effective First Semester, AY 2022-2023. Offering substitute/regular faculty position to licensed chemists to teach professional chemistry courses would ensure of the applicants' commitment to work with the department which is very much needed in the running of our degree program offerings.

Attached is the updated Faculty profile, approved Faculty Development Plan of DoPAC and the projected Faculty Workload for the First semester AY 2022-2023.

May this request merit your prompt attention. Thank you.

Very truly yours,
