## PROFILE

Bachelor of Animal Science graduate and a licensed Agriculturist with a solid background in animal husbandry. While my academic training has primarily focused on agriculture and animal science, I am also open to opportunities beyond my field—especially those that allow me to grow professionally, gain hands-on experience, and contribute meaningfully to a dynamic workplace.

I am currently seeking an any position where I can apply my knowledge, strong work ethic, and willingness to learn. I may be starting out, but I bring a genuine enthusiasm for service, a detail-oriented mindset, and a strong sense of responsibility. I am confident that, with the right guidance and environment, I can quickly adapt and become a valuable member of your team.
