Dear Sir,

Greetings of Peace!

With regards to the job posting on the <https://jobs.vsu.edu.ph/> website for the position of Physics Instructor, I wish to be reconsidered as one of the professional applicants. I am qualified and would offer all that you would require for the position.

I am a Bachelor of Science in Physics graduate and have completed 31 units of the Master of Science in Physics program at Mindanao State University-Main Campus, Marawi City. Also, I've had a great experience in teaching physics here since last semester. With my educational background and teaching experience, I believe that I am a good fit for the job.

If reconsidered, I will surely continue to do my best in sharing my knowledge, skills, and commitment to excellence with my future students and the department. In connection therewith, I am always ready to be called for an interview to show my great interest in the job.

Please refer to my resume for more information about my background. Thank you so much for your valuable time and consideration.

Sincerely,
