I am writing to express my interest in **instructor** position. **Visayas State University Baybay City Leyte**. As a graduate of Visayas State University with the degree of Bachelor of Science in Agriculture (BSA) majoring in Animal Science and a licensed agriculture professional, I am eager to contribute to the success and sustainability **Visayas State University**.

Growing up surrounded by fields and immersing myself in agricultural practices, I have developed a profound appreciation for this industry. My academic training has provided me with expertise in areas such as crop growth, agriculture, and animal nutrition, complemented by hands-on experience working with various livestock during my internship at the Philippine Carabao Center in VSU.

During my internship, I actively engaged in maintaining livestock records and assisting agricultural technicians with farm-related services. I worked closely with sheep, chickens, goats, cows, and horses, ensuring the smooth operation of the farm and offering support to team members in their respective departments. My undergraduate thesis further honed my specialization in animal nutrition, focusing on the effects of feeding different levels of powdered spirulina green algae on the growth performance of heritage chickens.

The internship program instilled in me a strong work ethic and the satisfaction of contributing to meaningful agricultural endeavors. I take pride in my ability to embrace challenges and achieve tangible results through dedication and collaboration. My academic journey has equipped me with the knowledge to protect and revitalize agricultural systems, support emerging farmers, and foster sustainable and resilient food systems.

As an aspiring agricultural professional, I bring an entrepreneurial mindset and a collaborative approach, combining visionary ideas with practical implementation. I am eager to contribute my skills and passion to **Visayas State University** and actively participate in its growth and success.

Thank you for considering my application. I would welcome the opportunity to discuss how my background, skills, and experiences align with the goals of your company. I look forward to your positive response.

Sincerely,

Renmin Malaya B. Aure
