

MAGGIE LOU M. GUBALANE

Purok 7, Barangay Apale, Isabel, Leyte 6539 · maggielou.gubalane@gmail.com · 09664424145

CAREER OBJECTIVE

To be employed in any agriculture or agriculture-related organization, and be able to cultivate my skills and knowledge and develop a personality as a well-rounded individual. In the future, I hope to obtain a master's degree in Animal Science and work in the field of research and be able to contribute there to the best of my ability.

PROFESSIONAL EXPERIENCE

ANIMAL HEALTH SPECIALIST (March 2021 - November 2021)

Golden Eggs Farm, Calbayog City, Western Samar

- Supervise production operations and submit daily farm operation and production report to the farm owner.
- Communicate and coordinate with poultrymen on how to conduct standard operating procedures in every production stage (rearing and laying stage) to attain production target of >4% mortality rate in the rearing stage and optimize egg production of about 95-98% in the laying stage.
- Daily monitoring and health assessment of pullets and layers.
- Prepare materials for vaccination and assist in conducting mass vaccination for layers and pullets.
- Keeping farm records and inventory of feeds, vaccines and poultry health products.

ON-THE-JOB TRAINEE (June 2018 - July 2018)

Venvi Agro-Industrial Ventures Corporation, San Nicolas, Ilocos Norte

- Trained to follow SOP in every level of production (breeding, farrowing and weanto-finish). Such practices include pig monitoring, farrowing assistance, castration, piglet tattooing, teeth clipping, artificial insemination, heat detection, pregnancy checking, medication and vaccination, feeding, and record keeping.

EDUCATION

VISAYAS STATE UNIVERSITY, Visca, Baybay City, Leyte
