#### **Supervised Student Case Studies/Thesis:**

- Early growth of potted Tungal (*Ceriops tagal* Perr.) seedlings in mangrove zones as affected by soil acidity and water salinity
- The effect of site exposure and zonation on the early growth of Tungal (*Ceriops tagal*) seedlings in a mangrove plantation
- Effect of some soil characteristics on the growth of Tungal seedlings (*Ceriops tagal*) on mangrove plantation in Punta, Baybay, Leyte
- Bio-ecology and indigenous uses of Hambabalud (*Neonauclea formicura*)
- Profile of upland community in DENR forestry program: The case of Malapoc Norte, Maasin, Southern Leyte
- Constraints to forestry program implementation in Southern Leyte
- Training needs of the Community Forestry Program beneficiaries in Barangay Kahupian, Sogod, Southern Leyte
- Community organizing strategies of DENR Community Forestry Program
- Profile of Community Forestry Program beneficiaries in barangay Kahupian, Sogod, Southern Leyte
- Inventory of mangrove species in barangay Libho, Maasin, Southern Leyte
- Socio-demographic profile of upland farmers and their adoption of tree diversity conservation practices in Southern Leyte
- Forest protection strategies of the Department of Environment and Natural Resources
- Comparative analysis of seedling production methods of Bakauan lalaki (*Rhizophora apiculata*)
- Local knowledge on forest trees at barangay Malapoc Norte, Maasin, Southern Leyte
- Local knowledge on forest trees in barangay Kahupian, Sogod, Southern Leyte
- Influence of training and source of information on the adoption of tree conservation practices in Southern Leyte
- Economic profile of upland farmers and their adoption of tree diversity conservation practices in Southern Leyte
- Forest protection strategies of the Department of Environment and natural resources in Southern Leyte

- Implementation strategies of the Department of Environment and Natural Resources Forest Land Management Agreement Program
- Nursery management practices of DENR rain forestation program in Babatngon, Leyte
- Local knowledge on mangrove tree species in Bontoc, Southern Leyte
- Local knowledge on forest trees in barangay Tabjon, Hinunangan, Southern Leyte
- Profile of an upland community: The case of sitio Tabjon, Calag-itan, Hinunangan, Southern Leyte
- Assessment of species diversity of second – growth forest in LSU forest reservation
- Constraints to on- farm tree domestication
- Constraints to mangrove conservation and management in Bontoc, Southern Leyte
- Assessment of Non-Timber Forest Products in a Logged-over Forest, Barangay Kahupian, Sogod, Southern Leyte. March 2006
- Diversity of Trees in Farmers Farm and Residential Lots, Barangay Kahupian, Sogod, Southern Leyte. March 2006
- Stand Structure of a Logged-over Forest, Barangay Kahupian, Sogod, Southern Leyte. March 2006
- Diversity of Trees in a Logged-over Forest, Barangay Kahupian, Sogod, Southern Leyte. March 2006
- Growth Performance of Molave (*Vitex parviflora* A.L. Juss.) in degraded Grassland in Maasin City, Southern Leyte. March 2013
- Tree Species composition In a Mature Large leaf Mahogany (*Swietenia macrophylla* King) Plantation in Maasin City, Southern Leyte. March 2013
- Profile of Barangay Sap-ang Farmer's Association, Silago, Southern Leyte. March 2013
- Trees and their uses in Barangay Sap-ang, Silago, Southern Leyte. March 2013
- Survival and early growth performance of Bitanghol (*Calophyllum blancoi* Pl. and Tr.) seedlings applied with different levels of vermicast in open grassland of Silago, Southern Leyte, April 2014.
- Survival and early growth performance of white lauan (*Shorea contorta* (Vid.) merr. and rofle) under the Tree Planting program of the Visayas State University, April 2014.
- Survival and growth performance of Bitanghol (*Calophyllum blancoi* Pl. and Tr.) under the National Greening Program (NGP) in Barangay Kahupian, Sogod, Southern Leyte. April 2014
- Tree regeneration assessment in the Department of Forest Science Arboretum after super typhoon YOLANDA. April 2015

- Plant diversity in kaingin farms of Mount Pangasugan, Baybay City, Leyte. April 2015
- Assessment of Individual Plus Trees (IPT's) in Visayas State University (VSU) Campus, Visca, Baybay City, Leyte. April 2015
- Diversity of mangrove trees in Punta, Baybay City, Leyte. April 2016
- Tree species diversity at the foothills of Mount Pangasugan, Visca, Baybay City, Leyte. April 2016
- Plant diversity in selected kaingin farms, Kahupian, Sogod, Southern Leyte. April 2016
- Influence of Soil Media on the Survival and Early Growth Performance of Nursery Grown Tangal (*Ceriops tagal* Perr.) Seedlings. April 2016
- Tree Species Diversity in Kawayanon, Caibiran, Biliran July 2017
- Carbon Sequestration Potential of a five-year old Molave (*Vitex parviflora* Juss) Plantation in Maasin City Forest Park. June 2017
- Survival and Early Growth Performance of Outplanted Tangal (*Ceriops tagal* Perr.) Seedlings under VSU conditions June 2017
- Tree Species Diversity at the Riparian Zone of Lago-Lago River, Guadalope, Baybay City, Leyte June 2018
- Tree Species Diversity at the Riparian Zone of Calbiga-a River, Pangasugan, Baybay City, Leyte June 2018
- Tree Species Diversity at the Riparian Zone of Pangasugan River, Barangay Pangasugan, Baybay City, Leyte June 2018
- Survival and Early Growth Performance of Giant bamboo (*Dendrocalamus asper* Schultes f.) Propagules as influenced by Noding and Soaking Time under nursery condition June 2018
- Survival and Early Growth Performance of Two-year Old Out-planted Tangal (*Ceriops tagal* (Perr CB. Rob) under the Visayas State University Mangrove Condition June 2018
- Abundance and Distribution of Bamboo Species in Visayas State University Forest Reservation, Baybay City, Leyte June 2018
- Effect of Growth Hormone Soaking time on the Survival and Early Growth performance of Giant Bamboo (*Dendrocalamus asper* Schultes f.) under Nursery conditions June 2018
- Effects of Thinning Intensity on the Production and Growth Performance of Kayali (*Gigantochloa atter* Hassk. Kurz) Shoots in VISCA, Baybay City, Leyte June 2019
- Effects of Thinning Intensity on the Production and Growth Performance of Giant Bamboo (*Dendrocalamus asper* Schultes f.) Shoots in VISCA, Baybay City, Leyte June 2019
- Effects of Thinning Intensity on the Production and Growth Performance of Kawayan Kiling (*Bambusa vulgaris* Schrad.) Shoots in VISCA, Baybay City, Leyte June 2019

- Effect of Rooting Hormone Soaking Time on the Survival and Early Growth Performance of Outplanted Kawayan Kiling (*Bambusa vulgaris* Schrad.) Propagules at Visayas State University Bambusetum June 2019
- Effect of Noding on the Survival and Early Growth Performance of Directly Planted Giant Bamboo (*Dendrocalamus asper* Schultes f.) Propagules at Visayas State University Bambusetum June 2019
- Survival and Early Growth Performance of Giant Bamboo (*Dendrocalamus asper* Schultes f.) Propagules as Affected by Different Soil Media Under Nursery Condition June 2019
- Domesticated Trees and Agricultural Crops among Upland Farmers in Barangay Tabao, Tabogon, Northern Cebu. June 2020
- Tree Species Diversity and Composition in the Department of Forest Science Arboretum, Visca, Baybay City, Leyte. June 2020
- Effects of Fertilizer Application on the Survival and Early Growth Performance of Kalumpit (*Terminalia microcarpa* Decne) Outplanted in Southern Cebu, Philippines. June 2020
- Effects of Fertilizer Application on the Growth Performance of selected bamboo species in VSU-CFES Bambusetum, Baybay City, Leyte. June 2020
- Assessment of Tree Species in Mount Mapuyo Watershed, Naval, Biliran Island. June 2020
